### ADDENDUM # 1

Bid Number: 50-00133954

Bid Opening Date: May 20, 2021

Description of Bid: PRE-PLACED EMERGENCY TWO YEAR CONTRACT FOR REPAIR AND/OR REPLACEMENT OF TRAFFIC SIGNAL SYSTEMS DAMAGED AS A RESULT OF A NATURAL DISASTER OR OTHER STATE OF EMERGENCY FOR EAST BANK JEFFERSON PARISH

---

## CLARIFICATION OF SPECIFICATIONS

### QUESTIONS AND ANSWERS:

**Q1:** It is our understanding that the Parish will furnish all Traffic Signal equipment for Repair and/or Replacement and we will provide equipment, miscellaneous items and labor to make the necessary repair and/or replacement as it relates to Mast Arms, Strain Poles, Controllers, Signal heads, Led Inserts and Pedestals, please advise?

**A1:** In an emergency, Jefferson Parish Traffic Engineering Department will supply any and all materials needed as we maintain a fairly good inventory of all which is needed, but where it is deemed installation on the contract then the contractor is required to order and replace items including but not limited to signal heads, controller cabinets, mast arms, electrical services, etc. In such cases a detailed inventory will be kept for replacement of any items as noted in the Appendix section of the bid documents where the part numbers and/or materials accepted can be located, this does not include any realignments as there are typically no materials involved.

**Q2:** Reference is made to Davis Bacon Wages for this project but there are no wage rates included, are we to contact DOL and get current wage rates or will Parish furnish correct rates to be used?

**A2:** Refer to the Davis-Bacon Act section on APPENDIX A. Davis-Bacon does not apply, since this is a pre-placed emergency contract and may be reimbursed by FEMA.

**Q3:** I did not see any requirement for DOTD certified technicians of Level 1 and/or 2 required for this bid, will this be a requirement?

**A3:** No, there are no requirements for DOTD or IMSA level 1 or 2 certified technicians for this bid.

Sincerely,

*Melissa Ovalle*
